

Ent  
A2  
14  
18. The method of treating tumors in warm-blooded animals comprising administering to warm-blooded animals in need thereof an antitumorally effective amount of a peptide of claim 11.--

---

REMARKS

The amendment is submitted to inset reference to the PCT application, to remove multiple dependency from the claims and to present proper method of use claims.

Respectfully submitted,  
Bierman, Muserlian and Lucas
